PROFIT ALERT

This announcement is made by Perfect Optronics Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”) and the Inside Information Provisions (as defined under the GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong).

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the initial assessment of the unaudited consolidated management accounts of the Group, the Group is expected to record a turnaround of its results from loss to profit making for the six months ended 30 June 2022 (the “**Period**”) by recording a consolidated profit attributable to equity holders of the Company within a range of approximately HK\$2 million to HK\$3 million, as compared to a consolidated loss attributable to equity holders of the Company of approximately HK\$3,032,000 for the six months ended 30 June 2021.

The abovementioned consolidated profit expected to be recorded for the Period was primarily attributable to a significant increase in the profit generated from the Group’s sales of health-related products (including personal hygiene and disinfectant products, rapid antigen test kits for COVID-19) for the Period as compared to the corresponding period in 2021. The positive effect of the aforementioned factor was however substantially offset by (i) an expected fair value loss on the Group’s financial asset at fair value through profit or loss (“**FVTPL**”) for the Period of approximately HK\$18 million in respect of its investment in Mobvoi Inc. mainly related to (among others) the deterioration of the capital market conditions, as compared to the fair value gain on the Group’s financial asset at FVTPL of approximately HK\$511,000 recorded for the six

months ended 30 June 2021; and (ii) the expected decrease in the revenue from the sales of the Group's display products during the Period as compared to the corresponding period in 2021.

The Group recorded a consolidated profit attributable to equity holders of the Company of approximately HK\$23 million for the three months ended 31 March 2022. The Group still expects to record a consolidated profit attributable to equity holders of the Company for the Period despite a consolidated loss expected to be recorded for the three months ended 30 June 2022.

The information contained in this announcement represents only a preliminary assessment by the Company based on information currently available to the Company including the unaudited consolidated management accounts of the Group for the Period, which have not been audited or reviewed by the auditors of the Company and have not been reviewed by the audit committee of the Company. As at the date of this announcement, the Group has not yet finalised its consolidated financial results for the Period, and such results are subject to necessary adjustments. The consolidated financial results of the Group for the Period will be published in August 2022. Shareholders and potential investors should pay attention to such consolidated financial results of the Group when published.

Shareholders and potential investors should exercise caution when dealing in the securities of the Company.

By order of the Board
Perfect Optronics Limited
